Mail Code C6-59

Attn: Mr. Robert Toole

Dear Mr. Toole,

Recently, while transporting roll-off bins from Douglas Aircraft, Torrance to U.S.P.C.I., Utah two bins were mismatched. While the manifest called for bin R384, bin R284 was inadvertently shipped. Both bins are Douglas Aircraft waste. Bin R284 is contaminated soil, bin R384 is grinding sludge.

The disposal site has been contacted and the matter clarified. Steps have also been made to rectify the situation at the shipping end. Lastly, steps have been made within our organization to prevent the repeat of such a mishap.

We apologize for any trouble this may have caused. Please contact us if there is anything further which we may do to remedy this situation or to discuss the matter further. Thank you.

Sincerely,

A handwritten signature in cursive script that reads "Eduardo Perry".

Eduardo C. Perry
